ABSTRACT

Development of five dimensions of administrative ethics for applicants is discussed. The dimensions are: (1) honesty, (2) integrity, (3) responsibility, (4) respect for others, and (5) respect for the law. The dimensions are discussed in terms of their importance for applicants and the role of the applicant in the development of these dimensions. The dimensions are discussed in terms of their importance for applicants and the role of the applicant in the development of these dimensions. The dimensions are discussed in terms of their importance for applicants and the role of the applicant in the development of these dimensions. The dimensions are discussed in terms of their importance for applicants and the role of the applicant in the development of these dimensions.

Key words: administrative ethics, five dimensions, applicants, ethics, applicants

1. Introduction

Working staff will be one of the mainstays of the modern business. It is not only the staff who will be responsible for the success of the business, but also the staff who will be responsible for the failure of the business. The staff who will be responsible for the success of the business will be the staff who will be responsible for the failure of the business. The staff who will be responsible for the success of the business will be the staff who will be responsible for the failure of the business. The staff who will be responsible for the success of the business will be the staff who will be responsible for the failure of the business.
