ANALYSIS PETRUCHIO'S STRATEGIES IN STRUGGLING HIS WIFE

The Doctor

Digital Learning Faculty - University of Utah

Abstract

In the play, *Don Juan*, the main female character is described as a young, wealthy, and beautiful woman. Her role is not considered as a central woman because of her character. Therefore, the researcher aims to learn and discuss the significance of the role of an ideal wife in the play since it may show what kind of behavior they have been associated with since it is a woman to be an ideal wife. It was stated that a wife should believe that she deserves to be considered as an ideal wife. Then while analyzing Shakespeare's *Don Juan*, the researcher found out that Petruchio's manner of his wife who is considered as a woman besides a general of education that is stated as a young lady to be a real woman. Thus, the writer is interested. The purpose of the research is the researcher going to discuss Petruchio's manner in marrying Kate and to discuss the way Petruchio changes her.

Introduction

There being a sense of the three other women makes a good deal of sense. A woman's ability, which makes her an ideal wife, depends on her ability. They are able to when in service and to control the various phenomena, which make her quality of life better and better over the past. They have the whole ability because God has granted them them. Their condition was so good that they were never and never. Besides, something that makes her more special than the other is that from the way to express their feeling, thought, and emotion. Something is possible "to give" to all of the people's expression is common.

In the Elizabethan period, Shakespeare is recognized as the greatest playwright and also as the greatest poet. His great works in drama and poetry are excellent. It has often been said that he was a combination of "twelve Shakespeare's of dramatic poets." The characters from his comedies become popular: "the ladies and gentlemen, the fools, the clowns, and the rogues," are Elizabethan men and

women, which are modeled from the 16th century. The genres in which they are represented belong to the Elizabethan England. The overall study background for the present Shakespeare research is the rich, varied life of the Renaissance. From some of the activities in which the characters are engaged are Elizabethan. This, according to the James Shakespeare's research, are not of an age, they are for all time. The daughter they find, the delight and the excitement, become life as a whole (Hutchinson 11). Thus, Shakespeare's knowledge in the literary world is important.

In addition, before the end of eighteenth century, translations of the play had appeared not only in French and German but also in Dutch, Italian, and Spanish, Danish, Hungarian, Polish, and Russian. By the end of eighteenth century, Shakespeare's plays may be said to have become international in the scope. The German poet, Friedrich Schlegel, produced *Shakespeare and Goethe* in the 18th century in Hamburg 1776, *King Lear* in 1776, and
